

Sara's Story (Saraswathy Menon)

AAT Foundation, Advanced & Professional, 2014-2016

Sara has passed all her AAT qualifications (Level 2, 3 and 4) at the Nishkam Centre achieving a 100% first time pass on all assessments throughout her 3 years at the centre. In addition achieving exceptionally high pass marks for each assessment.

"I wanted to gain knowledge in various finance and accounting functions to help me progress further in my career. I wanted to use AAT to hone my knowledge and skills in management/financial accounting areas including drafting financial statements, preparing budgets, managing and measuring financial performance and learning the application of principles of financial control."

"I am extremely thankful to Nishkam for the flexibility provided to me by offering Saturday classes, which allowed me to continue working in a full-time capacity and become permanent in my role. The course coordinator was always available on a need basis and provided valuable support to the students in relation to logistics and coordination.

Nishkam centre provides a perfect environment for learning and the teaching staff always encourage students to excel in the course. The supporting staff and management is exceptional and motivate students to strive towards excellence."

The tutors at Nishkam consistently encourage students to do their personal best. They always adopt a proactive approach to learning, have excellent knowledge of various subjects taught and guide students exceptionally well throughout the course.

AAT allowed me to acquire practical skills in accounting and I have successfully used my learning to further advance in my day to day responsibilities at work. It has given me the right foundation to further aspire to study and pursue a career in chartered accountancy."
